

HPMA West Midlands 2024 Annual Conference

'HR Shaping the New Future'

20th May 2024

Feedback on the day

Whole day was very informative, with a great balance between information, discussions and focus on self.

I loved that a number of 1:1 sessions were offered free of charge, really nice touch.

Recognising the power of networking, getting to see people face to face.

Positive messages taking away in respect of worklife/health, holding onto your values & tackling race discrimination.
